Title: 87 Human Secreted Proteins

Atty. Docket No. PZ004G22YP1D1

REQUEST UNDER 37 C.F.R. § 1.821(e)

Commissioner for Patents
Washington, D.C. 20231

Sir :

The above-identified patent application is a divisional of, and claims priority under 35 U.S.C. § 120 to United States Patent Application No. 09/966,262, filed October 1, 2001, which is a continuation of, and claims priority under 35 U.S.C. § 120 to United States Patent Application No. 09/154,707, filed September 17, 1998. The sequence listing of the instant application is identical to the sequence content of the computer readable sequence listing filed in connection with Application Serial No. 09/154,707 filed on September 17, 1998.

In accordance with 37 C.F.R. § 1.821(e), please use the computer readable form filed in connection with application Serial No. 09/154,707 as the computer readable form for the instant application. It is understood that the Patent and Trademark Office will make the necessary change in application number and filing date for the computer readable form that will be used for the instant application. A paper copy of the Sequence Listing is included in the specification of the instant application filed herewith. Applicants hereby certify that the paper copy of the Sequence Listing filed herewith and the computer readable sequence listing filed on September 17, 1998 in connection with application Serial No. 09/154,707 are the same and do not include new matter.

Respectfully submitted,

Date: January 31, 2002
